Pray Together
blazingtrees.org/pray

I've participated in hundreds of prayer gatherings, events, and trainings. I've prayed with thousands in a stadium for a whole day, and I've prayed with one friend in his house. After a ton of research on how to pray, the Holy Spirit led me to use a simple prayer gathering strategy called, "Pray Together."

The idea is that when we gather for prayer, there are multiple gifts, strengths, and perspectives. Jesus taught us to give everyone a voice when we pray.

Here's what we do. Someone begins sharing their needs. After sharing, someone else prays for them. After they pray, it's their turn to share. Then another prays. Repeat until everyone there shares and prays.
