

Noah's Flood

Genesis 7-8

Final Preparations - ark & storm - Noah's family made final preparations for the flood. They collected all the animals and food on board; then, God sent the storm.

Baptized Mountains - mountain, ocean, ark - God protected the ark as he sent the flood that covered the earth. The oceans rose above the highest mountains.

New Growth - dove & branch - The flood waters slowly receded, and the ark returned to land. As the earth dried, Noah sent birds to search for fresh vegetation.

Fresh Covenant - altar, beast, fire, smoke - God told Noah's family to leave the ark and release all the animals. Noah built a worship altar and sacrificed burnt offerings. God promised never to send another flood.
