ABOUT CROSSING OVER FILMS

Ken and Noell and their three children Isaac, Micah and Prisca currently have a video production business called Fully Equipped Productions. However, in mid 2023 they felt the desire to use the video business to help the body of Christ by making documentaries to show what God is doing across the globe.

Mission statement: Crossing Over Films wants to encourage and build up the body of Christ by filming workers in the Kingdom. For those who are on mission from the Lord in order to bring awareness and support to them.

Crossing Over Films is a support raised ministry and is a designated fund of Blazing Trees, a Tennessee-based 501c3 nonprofit ministry. All of your generous donations are considered tax-exempt.

WHY DOCUMENTARY FILMS

It provides an organic approach of their mission by filming from an outsiders perspective. Instead of manufacturing an event, its recorded in real time what God is doing.

This takes the burden off the people from creating cellphone footage that lacks creativity and spreads them thin with the difficulty of multitasking.

Crossing Over Films is there to help facilitate and capture what God is doing everyday in the lives of His people.

PROBLEM STATEMENT

- A lack of testimonials in the body of Christ
- Missionaries struggling getting funding from their supporters
- Many documentaries debating their approach to scripture and theology

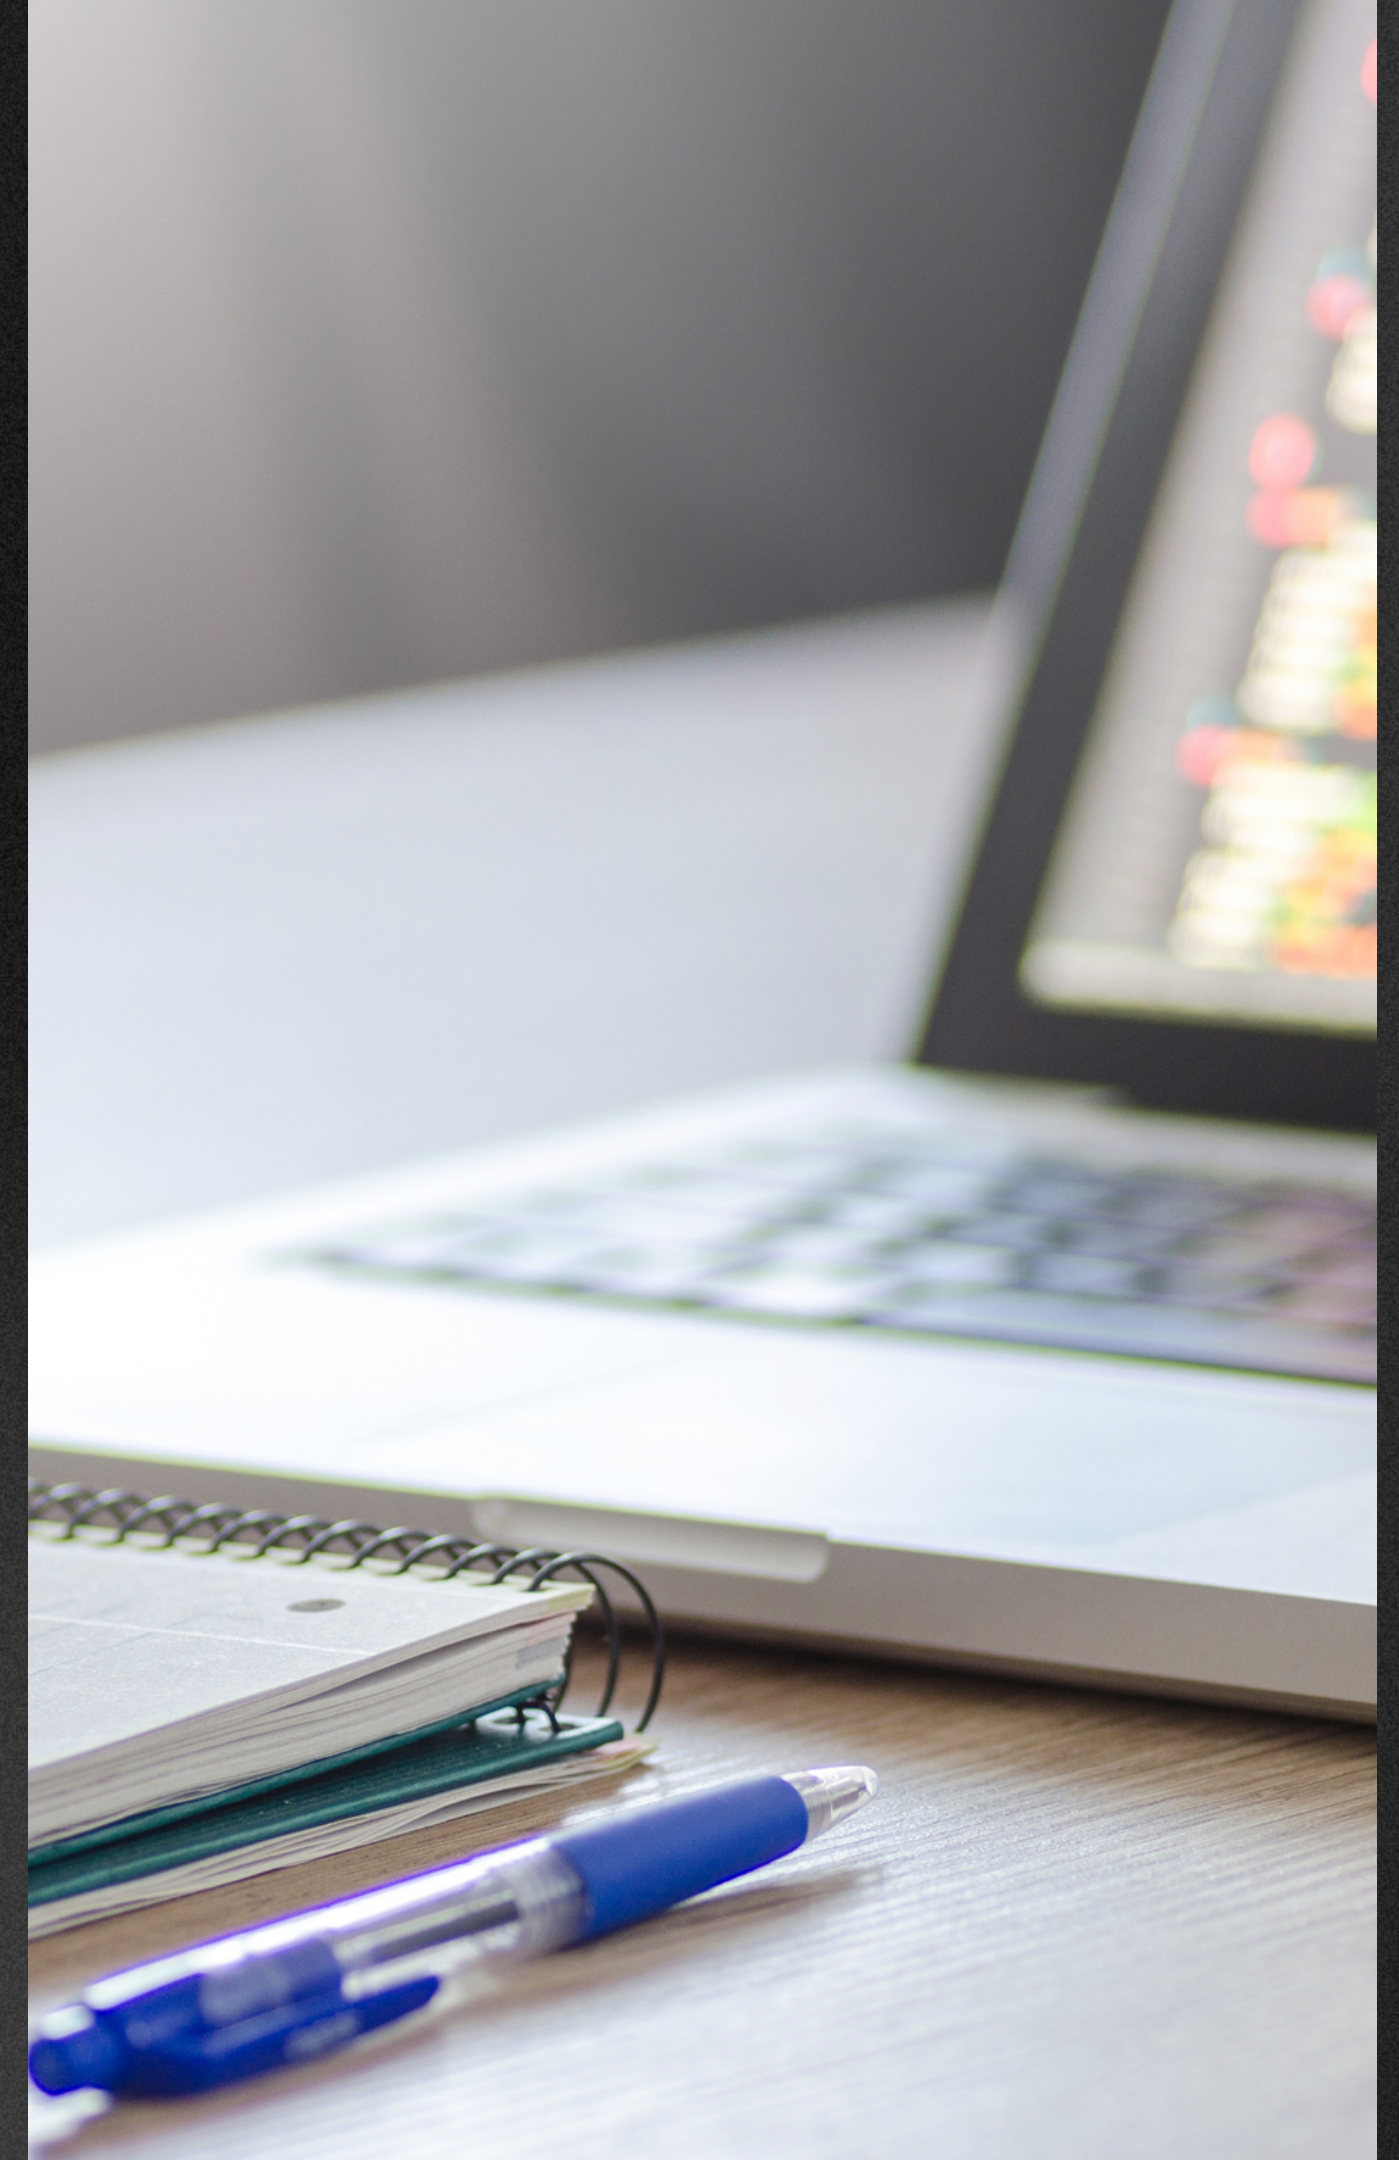

SOLUTION

- Crossing Over Films will be getting more stories out of what God is doing in His Kingdom
- Each Documentary will be helping missionaries show their work to supporters which in turn will help raise funds for them
- Crossing Over Films is showing what God is doing in the lives of His people and not debating issues in the Church

MARKETING STRATEGY

- Social media posts and reels
- Youtube long-form videos, shorts and podcasts
- Regular emails to supporters and video updates
- Expanding our contacts by traveling the United States and meeting missionaries and churches

ASK & USE OF FUNDS

Crossing Over Films is seeking supporters and investors to fund 1 long-form documentary and 4 short film documentaries per year of \$150,000.

The funds will be used for the following items:

- Travel to locations whether in the United States or out of the country
- Planning projects with people involved and scouting locations
- Equipment
- Filming and editing
- Living expenses during travel and shoot locations

SUSTAINABILITY

Over the next 2 years in order to grow recognition online we will not be charging for each film. Nevertheless, by year 2025 we will charge for feature length documentaries to increase revenue.

Crossing Over films plans to grow their team with 2 additional videographers starting in the year 2026. This will be to take our current model of 5 films a year to 10.

By year 2028 Crossing Over Films wants to launch a streaming service for all content at a low monthly charge. This platform will showcase all previous Crossing Over Films content and current, along with various christian filmmakers who want to share their documentaries and films.

CALL TO ACTION

Crossing Over Films would love for you to partner with them in this mission, this is not a call to build an earthly kingdom but rather to sow into the eternal Kingdom of God. With many years of ministry experience in the church, Ken and Noell have a heart to see Jesus glorified on the earth. They will bring their wisdom and insight to capture genuine moves of God.

Crossing Over Films believes by supporting this mission you will have a chance to sow into what God is doing on the earth.

“For the kingdom of God does not consist in talk but in power.” 1 Corinthians 4:20

We want the truth of this verse to come forth through these films.
